

# “Not Alone”

Published 1-23-2020

Welcome to a new year and a new decade.

Though these words are meant to encourage you, welcome wishes cannot empower you! They often times serve as warm fuzzies to deflect one’s reality.

COGO (Church of God OHIO) Ministries have labored long and hard to move you and your faith community beyond just experiencing warm fuzzies by offering you the opportunity to participate in our annual Spring Empowerment Conference.

Our theme this year is “**Not Alone**” and it is designed to help our church leaders and congregations experience a time of growth and affirmation as they serve in ministry and live out their faith!

Highlights this year will include local speakers and panelist who have experienced growth in ministry as a result of partnerships with COGO. Their testimonials will serve as a catalyst to our hundreds of attendees who thirst for transformational changes in the areas of *Inspiring Worship, Church Re-Branding, Debt-Reduction, Risk Management, Children, Student and Older Adult Ministries* and so much more!

Additionally, this year we have a special time for Pastor’s wives called “**Break Time**”. Break-Time is a time of pampering and fellowship for pastors’ wives only. If you are a Pastor’s wife, you need to plan on attending. If you are not a Pastor’s wife, but know one, please communicate to them this important event.

Start Fresh is a Low-Cost, High-Impact empowerment conference that only cost \$15 per person\*. There is simply no other conference you can attend for either yourself and or your congregation, that adds so much value for such a low cost. Did I say this also includes lunch? 😊

I encourage you to download the conference material, assign a person to oversee your registration process and plan on representing your congregation at this year’s Start Fresh Conference.

See you in a few weeks!
