

**Movement Starts with One:  
Unleashing the Move of God Inside You**

**Isaiah 43:18-19 says, *Forget the former things; do not dwell on the past. See, I am doing a new thing! Now it springs up; do you not perceive it? I am making a way in the wilderness and streams in the wasteland.***

Our God is always creating, always moving. He is starting something new today! Don't you see it? Do you want to join Him? You sense God working in your life and in your community. There's a move of God inside of you waiting to come out. Inside the seed is the potential for the entire forest. Inside of you is the potential for a movement of reproducing disciples, leaders, and churches. Join us for six sessions of inspiring and practical training that includes:

**Session One: Movement Starts with 1 (You are a Movement-Maker)**

What is biblical understanding of movement, and how do they begin? We will unpack a map toward movement, and the three radical minimums of reproduction that can unlock the beginning of a movement in any size church.

**Session Two and Three: The Five Elements of a Disciple-making Church**

Any movement begins with making disciples, who can make disciples, who make disciples. Have you ever found yourself wondering, "Why is my church filled with good people who may become a little nicer because of our efforts, but rarely experience deep transformation and virtually never make a new disciple? How do we move beyond an assimilation strategy to a disciple-making strategy?"

Jesus has designed his church to be an ecosystem for transformative and multiplicative disciples. We will dive into the five elements of a flourishing disciple-making ecosystem, and workshop on each of the five elements to apply it to your context.

**Session Four: Hero-Makers: The Essential Practices for a Multiplying Leader**

This session will equip us to turn our focus from being a hero - a primary focus on our ministry - to becoming "hero makers," turning our focus on multiplication by developing other leaders. The heart of this session is the five essential practices for multiplying leaders in your context.

**Session Five: A New Era in Church Planting: Four Critical Questions**

The research has demonstrated new churches reach new people, and it has been one of the most effective evangelism strategies the Spirit is using to reach the lost. Why don't we plant more churches? Many church leaders would say, "I want to move toward church planting, but it's hard to find a qualified church planter. We also don't have the resources right now." Come learn the four critical questions that could unleash church planting in your context with more leaders and less money than you think.

**Movement Starts with One:  
Unleashing the Move of God Inside You**

**Session Six: The Great Collaboration**

For more than a generation, the church in the West has looked to the star pastor or the efforts of a fast-growing church to lead the way in helping us accomplish the mission of Jesus. It's not working. We have forgotten God's truth that we are better together. In this session, we will identify the critical missing piece, pointing us to Jesus' prayer in John 17. It is the third "Great" command. We are to Go (the Great Commission) in Love (the Great Commandment) Together (the Great Collaboration). It's when we put all three together—and only when we obey all three—that we'll realize the dream of the kingdom of God in your city.
