

2024 Start Fresh - Intentional Churches with Rev. Paul Strozier

Topic Introduction:

Intentional Churches is a movement to reprioritize the Great Commission as the prime directive of the 21st century church. Central to the effort is ChurchOS, an operating system for disciple making that utilizes a highly practical “Living Took Kit” to help congregations and leaders pursue the fulfillment of Jesus’ call to “Go and make disciples” with passion and clarity and learn to function according to healthy rhythms. The Intentional Churches track of Start Fresh will provide participants with an introduction to Intentional Churches principles and the ChurchOS toolbox. A free copy of the book, *Intentional Churches*, will be provided to each participant.
