

Pastoral Care Counseling Services

The COGO Ministries Pastoral Care Team provides a Recommended List of Counselors to serve Church of God credentialed pastors and their spouses in Ohio with practical, personal, and confidential Christian Mental Health Counseling. Our goal is to facilitate an investment in your wellbeing.

Each counseling session is 50 minutes in length. The fee for services is \$100.00 per session with a limit of 6 sessions. For each session, you will be responsible for a payment of \$40.00 through cash, check, credit card, or through your insurer at time of service. COGO will be billed for the remainder, up to \$60.00 per session. Please be aware that your name will accompany the invoice submitted by the counselor to the designated point-person at COGO. This point person will honor your confidentiality.

Your appointment time is reserved for you. If you cannot attend a session, please contact the counselor for a 24-hour Notice of Cancellation or Rescheduling. If this is not honored, the counselor reserves the right to charge you the full \$100 fee for the time.

Please know that the first step of reaching out for counseling requires a lot of courage; however, the rewards are well worth the effort. We feel strongly that it is a top priority to present this opportunity for counseling for your consideration.

I have read and understand these policies and agree to fulfill my responsibility outlined herein.
